

WASHINGTON ASSOCIATION OF TECHNICAL ACCIDENT INVESTIGATORS

SPRING CONFERENCE

'FORENSIC VIDEO ANALYSIS'

MAY 2 & 3, 2018

CRIMINAL JUSTICE TRAINING CENTER
19010 1 Ave S. Burien WA 98166

Speaker: Grant Fredericks of Forensic Video Solutions

Between surveillance cameras, drive cams, and police body cameras, video has never been more prevalent. If video exists and you don't reconcile it, rest assured the other side will. Pixel size, frame rates, compression, and playback viewers don't have to be an overwhelming aspect of an investigation.

Please come and join us on May 2nd & 3rd and begin to build a foundation for utilizing video within your reconstruction. Grant will be presenting on May 2nd, and on May 3rd several of our WATAI members will be presenting case studies where video analysis was used.

Attendance is free for all 2018 paid members.

Questions or concerns reference this conference please email: syb.hiemstra@kingcounty.gov
